

Welcome to **Delridge Deli Mart**

Pictured: Young Kim with her favorite fruit, oranges

Say Hello to the Chef Salad

“People know we always have good sandwiches and top quality meats,” says Young Kim, “ham, tuna, chicken, and turkey. I choose only the best ingredients.” Young and her family serve up quick eats and convenient shopping at the Delridge Deli Mart, a friendly neighborhood grocery for nearly 20 years.

“We have everything. Lots of vegetables,” says Young. “Breakfast sandwiches, fruit cups, chef salads and deli sandwiches.” She makes her chef salads fresh daily: romaine lettuce tossed with carrots and topped with broccoli, tomato, cheeses, deli meats, and hardboiled eggs, plus two tasty dressings, all for just \$5.99.

Save a trip to the supermarket with a quick stop at Delridge Deli Mart. The grocery has a little bit of everything for last-minute cooking ingredients, afternoon snack attacks, and household necessities. Fresh produce choices include onions, potatoes, carrots, celery, broccoli, tomatoes, bananas, apples, pears, avocados, citrus, and other seasonal delights.

Customers can always depend on a friendly face and a healthy meal at Delridge Deli Mart. Young is a hardworking single mom who knows that good company is just as important as good food. “I love to see people,” she says. “If I stay home by myself no one just comes by to see me. I like to work with people and say hi to people every day.”

So Good, So Convenient:
Deli sandwiches, chef salads, and fruit cocktails all made fresh daily with top quality ingredients, plus breakfast sandwiches, yogurt, a variety of cheeses, and plenty of fresh cut fruits and vegetables. Everything-and-more grocery selection includes fresh staples like onions, potatoes, rice, tomatoes, bananas, apples, citrus, and other seasonal delights.
